## Math

Students will continue to work on decimals. They will also extend their multiplication knowledge to multi place value multiplication.

Examples:  $34 \times 43 = n$   
 $4321 \times 4 = r$

## Science

Two weeks ago, students explored how energy can make things go by learning about different ways of making things go. They made rubber-band racers and will experiment to figure out how many times to twist the rubber band in order to win the "Sweet Spot" race.

## Reading

Students have been practicing responses to some classic picture books and reading nonfiction texts about men and women who have changed our world for the better.

Reading homework is due on Thursday.

## Social Studies

Revolutionaries

## Writing

We will publish St. Patrick's Day limericks. We will practice some quick writes in preparation for the upcoming ACT Aspire.

## Language

We will reviewing all fourth grade language standards.
