Marguerite Vann Elementary has developed a Parent Involvement Plan in order to encourage parents to become involved as partners with the school in their child's education

Standard I: Communication

Goal: Communication between home and school is regular, two-way, and meaningful.

 - School/Class newsletters will be sent home weekly

- Parent nights are planned so parents and teachers can interact around our curriculum
- MVE will foster and promote a responsive, open door policy that is defined collaboratively by staff and families
- MVE will disseminate information clearly and specifically by using language that is understandable to all parents in a multi-method approach (newsletters, web page, report cards, progress reports, Viking Voyage Newsletter, Parent Link, etc.)
- To meet the needs of our parents who do not speak English, the school will translate all school-wide written communication into Spanish.
- The school will provide non-English speaking parents with an interpreter, when needed.

Standard II: Parenting

Goal: Parenting skills are promoted and supported.

To promote student learning MVE will:

1.) Purchase parenting books, magazines, and other informative material regarding responsible parenting through the school library, advertise current selections, and give parents an opportunity to borrow the materials for review.

A Parent Involvement Center has been established for parents and families. It includes a lending library that provides information to parents on a wide variety of parent/family information and support materials including family information packets, parenting books, brochures, and pamphlets that focus on parenting the elementary school-aged child.

Parenting books, parenting magazines, brochures, and pamphlets are available in the Parent Involvement Center for check-out, as well as to take. One on one interaction with Administration dealing with these topics and more is also available.

Educational materials and games are available in the Parent Involvement Center to assist parents in working with their children. All materials are available for check-out.

2.) Create a parent center.

Educational materials will be available in the Parent Involvement Center across from the cafeteria to assist parents in working with their children. All materials are available for check-out.

- Kindergarten Camp is highly recommended to help students understand policy, procedures, and routines for the school year.
- Parents will be given verbal and written Policies and Procedures for the school year. This includes arrival, dismissal, and emergency situations.

Standard III: Student Learning

Goal: Parents play an integral role in assisting student learning.

To help parents in assisting students, MVE will:

1.) *Host a Walk About Night and an Open House where parents are given a report on the state of the school and an overview of:*

- a. What students will be learning (curriculum guides and newsletter)
- b. How students will be assessed (report cards, progress reports, module test and rubrics)
- c. What parents should expect for their child's education (Common Core Curriculum)
- d. How parents can assist and make a difference in his/her child's education

Marguerite Vann's Report to the Public Document containing school-wide data will be posted to the school's website.

District Handbook will contain information regarding homework policies and consequences of not turning in homework.

Students will participate in an interactive daily reading program in which they are encouraged to read 20 minutes daily. This will require students to discuss and interact with their parents in order to reach their goal. An incentive program is in place for those students meeting and exceeding their goal.

Staff development for teachers during the school year will focus on successful approaches to engaging parents in their child's education along with ways to work with parents effectively.
